

MERLOT

VIGNETI DELLE DOLOMITI IGT

The practical bag in box, made with recyclable materials, allows you to keep the contents away from air and light, even in the fridge. The pleasure of everyday wine, respectful of the environment and at a good price.

BAG IN BOX

Bag in box is a modern and practical container, which is well suited to the storage of wine and allows for constant quality. There are many advantages.

Excellent shelf life The container and the inner bag protect the wine from air and light even after opening.

Ease of use The wine can be poured directly into the glass, without waste, and the container can be easily stored in the fridge.

Economical The saving in materials allows you to buy the wine at a more advantageous price.

Environmental compatibility Bag in box is 100% recyclable and allows a big saving on raw materials used.

WINE CHARACTERISTICS

Merlot is a grapevine of French origin that adapts well to our territory, so much so that for a long time it has been the most cultivated grape variety in Alto Garda Trentino. It is a wine with good body and structure, it has a great harmony that makes it easy to drink even for the most demanding consumers.
