

CABERNET

VIGNETI DELLE DOLOMITI IGT

The practical bag in box, made with recyclable materials, allows you to keep the contents away from air and light, even in the fridge. The pleasure of everyday wine, respectful of the environment and at a good price.

BAG IN BOX

Bag in box is a modern and practical container, which is well suited to the storage of wine and allows for constant quality. There are many advantages.

Excellent shelf life The container and the inner bag protect the wine from air and light even after opening.

Ease of use The wine can be poured directly into the glass, without waste, and the container can be easily stored in the fridge.

Economical The saving in materials allows you to buy the wine at a more advantageous price.

Environmental compatibility Bag in box is 100% recyclable and allows a big saving on raw materials used.

WINE CHARACTERISTICS

The Cabernet varieties are vines of French origin linked to the territory of Alto Garda Trentino. Among the wines in the Bag in Box line is definitely the most structured and full-bodied, but always designed for daily use.
